

TEMPO t40p stackable table

design Timo Saarnio

The perfect match for Tempo chairs is the elegantly-shaped Tempo table. It has a distinct look due to the frame circling the edge of the tabletop. The base of the table is made of 30×30 square pipe.

Tempo t40p allows a seamless configuration in any arrangement and is also stackable.

Tempo table sizes are 70×50 cm and 120×50 cm. The standard heights are 73 cm and 90 cm. Other sizes are available. A table trolley is also available.
