

OLA

Folding table

Design Ola Kukkanen

Designed for contract interiors, the OLA folding table pairs fast one-person setup with secure locking legs. Its clean, discreet aesthetic suits restaurants, hotels, meeting rooms, and event spaces—ideal for both permanent placement and temporary setups.

A solid wood frame with veneer top and durable lacquer or laminate finishes supports high-traffic use, while the integrated handle makes lifting and repositioning easy.

Code	Size	Height
OLA/140 x 70	140 x 70 cm	74 cm
