

KARI series

Design Kari Asikainen

The Kari series is a blend of recognizable form and modern simplicity, earning its status as a Finnish design classic. As a pioneer in form-pressed wooden seating since 1969, the Kari series is defined by its sleek and refined design without compromising comfort or convenience. Kari series is at home in any public space. Nearly a million units of Kari series products have been manufactured since its inception.

The beautiful, sleek shape and soft rounded corners make the Kari series a perfect option for composing harmonious and welcoming spaces. Kari chairs are especially suited to public spaces requiring comfortable and adaptable seating, such as halls, waiting rooms and care environments.

The Kari series is ideal for versatile use with a row connection option, lightweight and durable wooden structure, and convenient stackability.

The Kari series is available in birch. Ash and oak available for projects on request. Kari comes with various upholstery, seat and table height options.

KARI K1

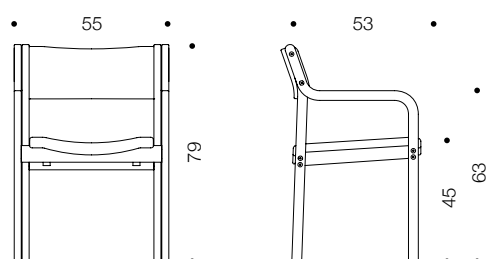

Wooden chair with armrests

Design Kari Asikainen

Kari 1 is a form-pressed classic wooden chair originally designed in 1969. The chair is stackable and especially comfortable to sit in. Thanks to the removable seat upholstery and various seating heights, Kari 1 is particularly well suited to care environments. The row connection expands the chair's range of uses to include halls and waiting rooms.
